

**MasterCard Automated Billing Updater
Opt-Out Notice**

MasterCard requires all financial institutions who offer debit cards to participate in the MasterCard Automated Billing Updater (ABU). ABU will provide updates to participating merchants who maintain your card information on file to process your preauthorized payments. Examples of participating merchants may include subscription services or utility companies.

This service will allow participating merchants to receive your updated card information when you receive a new card for any reason – for example expired, lost or stolen cards. Unico Bank is providing the ability to opt-out of ABU should you choose not to participate. To opt-out, please complete the form below. You may deliver this form to your local branch office or return by mail to our bookkeeping department at the below address:

Attention: Bookkeeping Department

Should you choose to opt-out of this service you will be responsible for providing your new card information to participating merchants. You may incur additional fees from your merchant(s) if you do not provide your updated information in a timely manner.

If you have any questions regarding this service, please contact your local branch office.
